

What is the CFDA Summer Symposium? It's the abbreviated version of the annual Convention, for Colorado funeral service practitioners to gather for education, networking, and of course, see the product and service showcase. This is your opportunity to make valuable contacts, develop relationships, and establish your presence in the Colorado funeral service market.

HELP US HELP YOU

Competition for Suppliers

Our goal is to attract more than 200 funeral service practitioners from around the state to attend the 2018 Summer Symposium. To accomplish this goal, CFDA asks for your assistance in personally referring practitioners to register and attend the Symposium.

When registering, each practitioner will be asked for the name of a supplier referral. After the event, CFDA will reward a \$100 cash prize to the top 2 supplier recruiters.

Let's work together to make this a productive and rewarding experience for all.
